

Functional Features Included in the Project

Fit Buddy AI – AI Fitness Plan Generator using Gemini Models

Generative AI Project | FastAPI + Google Gemini

Mariya Darshini (Team Leader), S. Harini, R. Subhashri, S. Mythili

Main functional areas

- Home page with planner form and navigation
- Personalized 7-day workout plan generation
- Nutrition / recovery tip generation
- Feedback-based plan update with success message
- Users page (/view-all-users) showing users, original and updated plans
- JSON API endpoints and Swagger documentation (/docs)
- Health check endpoint (/api/health)
- Automatic fallback mode when Gemini is unavailable

Demonstration focus

The project demonstrates a complete end-to-end flow – input, AI generation, storage, feedback and update – rather than a single static page.
