

Scalability & Future Plan

Fit Buddy AI – AI Fitness Plan Generator using Gemini Models

Generative AI Project | FastAPI + Google Gemini

Mariya Darshini (Team Leader), S. Harini, R. Subhashri, S. Mythili

Future enhancements

- BMI calculation and progress tracking
- Workout history and analytics
- User login and profiles
- Wearable / calorie-tracker integration
- Deploy to a production hosting environment
- Move from SQLite to a production database
- Improve automated testing and monitoring

Scalability

The modular routes / services structure and the configurable model IDs provide a foundation for adding features and changing AI models without redesigning the whole application.
